Alexandria Gazette

TURSDAY EVENING, AUGUST 9.

A POINT FOR SMOKERS, -"A few years ago 1 was a most inveterate smoker," said Judge Typer, the First Assistant Postmaster General, as, io company with a newspaper man, he strelled slong the beach at Atlantic City. "At that time," no continued, "I thought it nothing to get through ten eigars a day, sed often I exceeded that number. The practice played the ducce with my health, but, do what I could, the habit stick to me, and I decided that it was no good trying to be virtueus where

tobacco was concerned.' "That's a pretty bread hint," thought the new-paper man, as he handed out his eiger case, with the remark, "Take a smoke, Judge ?

Thanks," was the response, "but I don't indulce now.

'How's that?' is quired the scribe. "Well," responded the Judge, "I cured a yself by a mere accident. One day, while crossing the ocean, I had a severe spell of seasickness. I went up on deck in the hope that the fresh air would ac: as a reviver. Mechanically, as was my habit, I took cut a c gar and lit it. listore it was half consumed the sickness came on again. Ugh! it makes me pale to think of it even now. Anyhow, overboard went the eigar, and from that day to this a couple of whiffs happen to know anybody who wants to let up on the habit, just advise him to take a weed and a dose of sensickness together, and I'll warrant you he will be an anti-tobacco man ever af er-

BROWN CHEMICAL COMPANY, Baltimore, Md. DRUGS, CHEMICALS, &c.

Macon, Ga., March 31, 1879. From having been intimate with the proprietors of "Switt's Syphilitic Specific," I have known much of its manufacture and use. There are men in this community who were victims in early life to Syphilis, and who have taken the S. S. s. medicine, and are now, to all appearances and in their own belief, as free from taint cigar, and from that day to this a couple of whiffs of disease as the first man, frosh from the hands are enough to turn me upside down. If you of his Maker. Delicacy forbids their public reemmendations, but I sm allowed to refer the skeptic privately to those who will endorse everything that can be said in its favor. Being professionally much opposed to recommending se-eret remedies, it is with hesitation I attach my name to this article; but I know whereof I speak when I say our science has not made public a combination equal to "Swift's Syphilitic Specitic" for the purpose indicated.
